Canyon Crest Academy: Sculpture

Level of Difficulty	Estimated Homework	Prerequisites
☒ Moderate ☐ Difficult ☐ Very Difficult	0-30 minutes	**District** none **Department** Drawing and Design (required)

Course Description

In order to be successful in this class, it is required that you first take Drawing and Design. Sculpture is an art class that explores 3D forms and focuses on creating work in various related techniques and processes, including assembling, modeling, molding, carving, casting, and throwing. Students apply the elements of art, principles of design, color theory, as well as drawing and painting skills. Through the imaginative use of models, drawings, photographs, traditional and contemporary art history, students will create three-dimensional sculptures in a variety of materials including, but not limited to, paper, clay, plaster, and wood.

Grading

Students are graded in 4 main areas:

Project Preperation:
Initial reseach, creating sketches, video/article reviews, artist reviews, and creating prototypes

Art Creation:
Effort, crafsmanship, application of skill, use of classroom time, photographing and submitting completed assignements

Evaluation: Critiques, self reflections

Studio maintenance/safety: assisting in maintaining a safe and clean studio enviornment, learning how to properly and safely use tools, learning the clay firing process, clay and glaze preparation
