

Canyon Crest Academy: Business Math

Level of Difficulty	Estimated Homework	Prerequisites
<input checked="" type="checkbox"/> Moderate <input type="checkbox"/> Difficult <input type="checkbox"/> Very Difficult	0-30 minutes	District 12 th Grade only Department Algebra 1 & Geometry or Integrated Math I and II

Course Description

This course is a practical and "real life" application of mathematics. Emphasis is placed on personal business mathematics such as financial planning, investments, budgets, insurance, loans, payroll, banking and taxes as well as actual business practices. You will learn firsthand how mathematics is used in each department and how each department contributes to the entire operation of a business. Guest speakers from various businesses combine theory with present-day practices.

Grading

Based on in-class participation, daily assignments, projects and test
