## THE SCHOOL AND COMMUNITY

Canyon Crest Academy (CCA) is an outstanding learning community of approximately 2545 students in grades 9-12 who live throughout the San Dieguito Union High School District. CCA is a public "school of choice" where any student in the district can select the academy. Students are attracted to CCA to pursue specialized education in the arts, sciences, and technology; and to participate in real-world application of skills through established partnerships with local businesses and universities. Student achievement is strongly supported by parents and community members, who partner with school staff to enrich the academic experience for each child on our campus.

Since 2004, CCA has been a leader in achievement and performance for the district. CCA student accomplishments extend beyond the classroom as well. Students have earned accolades in diverse extra-curricular activities, such as our nationally-ranked math team; San Diego County Science Fair, Science Olympiad, Siemens Science Competition and Intel Science Competition; our award-winning school publications; visual and performing arts, including a Grammy Signature School Enterprise Award and National Youth Theater Awards; and athletic teams that have competed in statewide championships. Dedicated and talented staff members collaborate across curriculum and embrace technology in support of student learning. The curriculum responds to evolving student interests and includes specialized and in-depth studies. Students are supported in taking intellectual and creative risks as they engage in their studies which enables them to be confident, life-long learners. Our students' creativity, commitment and exposure to rigorous academics have uniquely prepared them for success beyond Canyon Crest Academy.

## CURRICULUM AND ACADEMIC PROGRAM

Students follow a 4 x 4 block schedule where they take up to four 90-minute classes per day, five days per week, in each 18 week Fall and Spring term. On this accelerated system, every term-long class is the equivalent of a traditional two semester/year-long class and students earn two final grades per class each term. Students who take eight classes can earn up to 80 credits in a year. The 4 x 4 schedule also gives students the chance to take additional electives. With numerous courses, students have opportunities to explore various disciplines. For students who have a specific area of interest, taking sequential elective or academic classes "back-to-back" in both terms in order to advance their skills and knowledge is a popular option.

## ENVISION/CONSERVATORY

For students who desire to expand their exposure to the arts, CCA offers Envision, a program designed to inspire and train future artists. It is an extensive curriculum with a structured sequence of progressively challenging courses in the following disciplines: Dance, Visual Arts, Humanities, Instrumental Music, Theater, Cinema and Vocal Music. For students who demonstrate exceptional potential and talent, CCA offers Envision Conservatory. Conservatory is a rigorous, audition-only extracurricular program that provides advanced instruction and training supplemented by professional teaching artists.

## GRADING & GPA CALCULATION

	General/College Prep/Honors Courses	AP Courses
A = 90 - 100%	4 pts.	5 pts.
B = 80 - 89%	3 pts.	4 pts.
C = 70 - 79%	2 pts.	3 pts.
D = 60 - 69%	1 pt.	1 pt.
