

Mark Choudhari

I'm eager to contribute to CCA's continuing growth. Both my parents have been school teachers for over 35 years, and I've taken a keen interest in education all my life. I graduated from MIT with multiple undergraduate and graduate degrees, and have co-founded an elementary school in another country and a non-profit for children's education. Coupled with my business experience on corporate boards, I believe I can bring useful experience and knowledge to serve CCA.

Lance Clifner

Wow! Our youngest is now a junior at CCA! I served two years on the CCA Site Council, and I would like the opportunity to serve for two more years. My contributions here are focusing on metrics to demonstrate that progress is being made toward the Plan goals, advocating consistency and clarity across endeavors, and to thoroughly read and provide constructive comments on Plan documents and implementations. I volunteer with CVMS/PTMS/CCA Science Olympiad and Scouts.

Peter Csathy

My interest in Site Council is due to CCA's mission - am a passionate believer in it.

Relevant Experience:

- (1) Have run many successful businesses (CEO, finance, operations)
- (2) Am a Harvard Law School trained lawyer (legislative understanding)
- (3) Have served on several boards (both for-profit and non-profit)
- (4) Am a published author and deep believer in the arts (with social media expertise)

I would be honored.
